I felt reading & experimenting on the desk was
Well when I was studying at the Academi for 4 years while working at the atelier,

Well um...
I wanted to find out a way
to use chemist in a daily life.

With your grades, you can go to the master class...

for now... I want to work at the town's atelier.
Well, I thought of that but

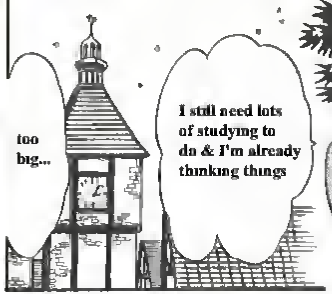
It's such a shame...

KSS...

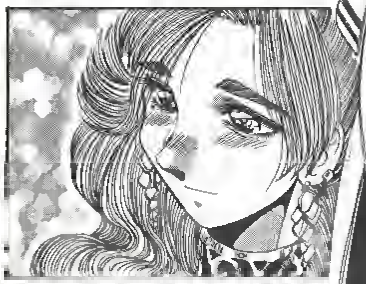
If you have any question, stop by at the Academi any time you want.
at the town...
It's like you to think of a way to expand chemist

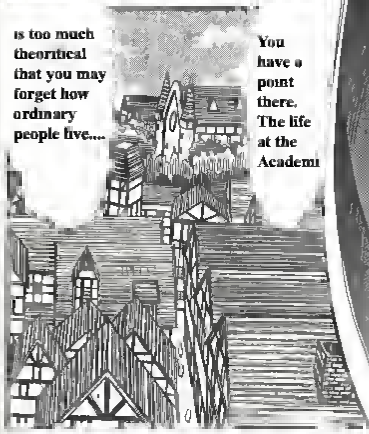
Yes!

Is it a custo-mer?
I'm still looking for one but if it's possible, I would want it close to the one I'm using now..?
And so, did you find yourself an Atelier?

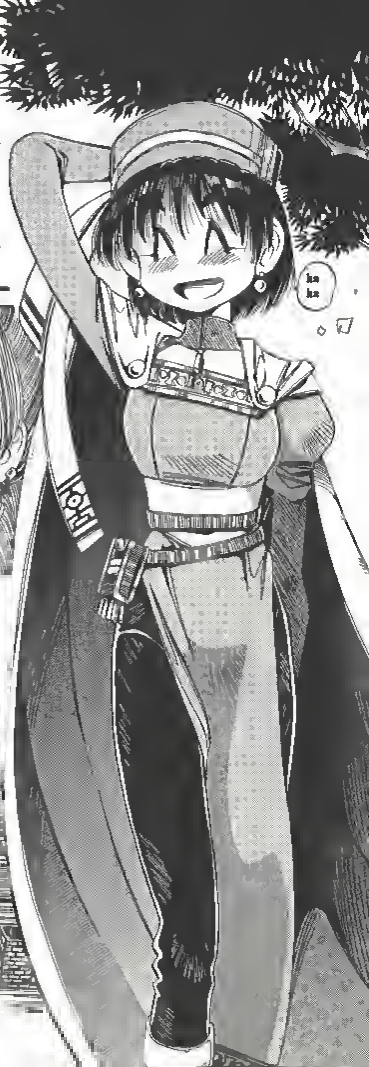


too big...
I still need lots of studying to do & I'm already thinking things



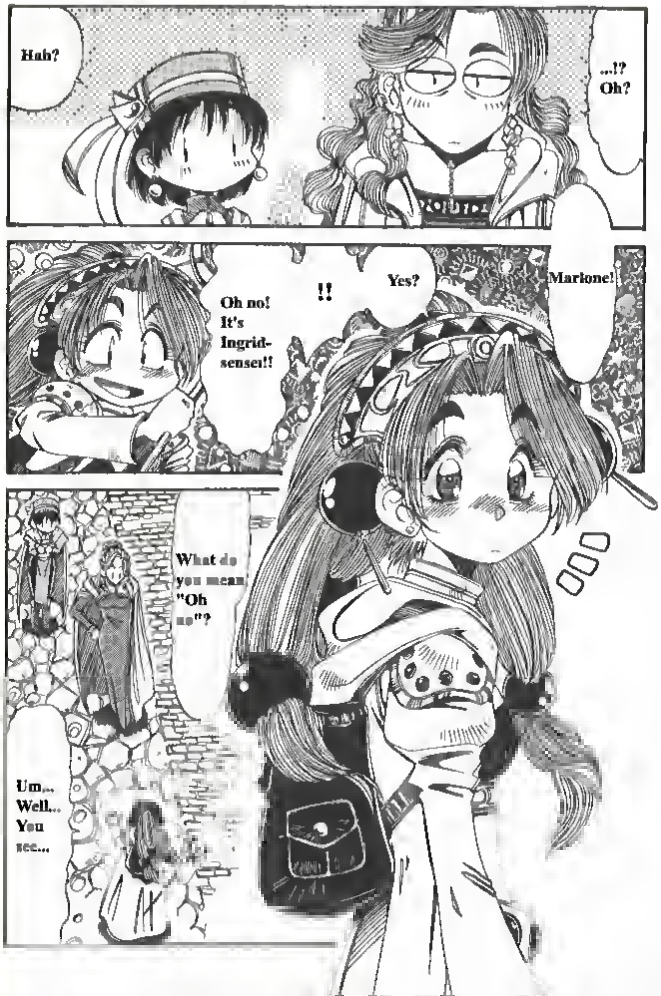


is too much theoritical that you may forget how ordinary people live....
You have a point there. The life at the Academi



ha ha

How long has it been? When did you came back?
Long time no see... You seem well...
Could it be the "same" Marlone-san I know?
Marlone?
I just came a bit while ago. The Atelier felt so nastelgic that I kinds came by...
She's you're kouhai.
Oh, she's Elfeil.
Eh?
Isn't she...
Oh?



Hah?

Marlone!
Oh no! It's Ingrid-sensei!!
What do you mean "Oh no"?
Um... Well... You see...

Would she be alright?

And she was

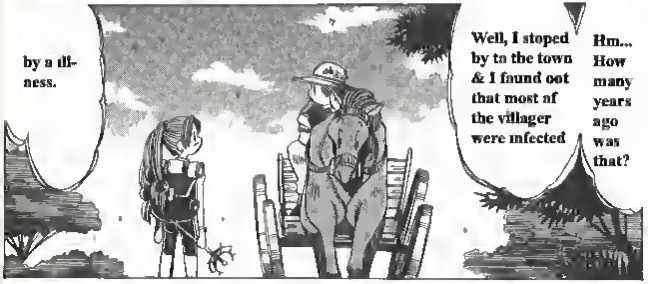
Leave it all to me ♡
Don't worry!

A... Altena-sama...
Father, why don't you go & pray for the Goddess of medicine, Altena-sama.

KSS...

... Elfeil?

Oh.
You know her?
right?
Ahh!! You must be Elfeil from Robson's town



by a ill-ness.
Well, I stoped by to the town & I found out that most of the villager were infected
Hm... How many years ago was that?

Thank you very much! How can I thank you...
Ah... Don't mind me. It's oh♡
That's good!
Elie's!! Elfeil's fever has droped!!
Mario-ne-san!!
The other villagers are getting better too!
Mm.
I'sn't there anything I can do?

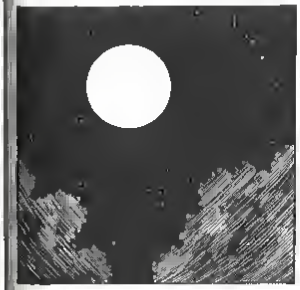
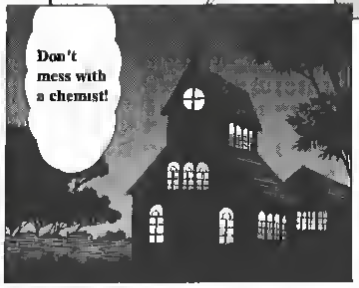
Another wine?
Enjoy's Alcobol
Well, you can bring me another bottle.

Wow.
I'm flattered. I'm not a Goddess but I'll get you well.
Grip!
Don't worry.

I have a medicine that will clear that germ up in no time.





Don't mess with a chemist!

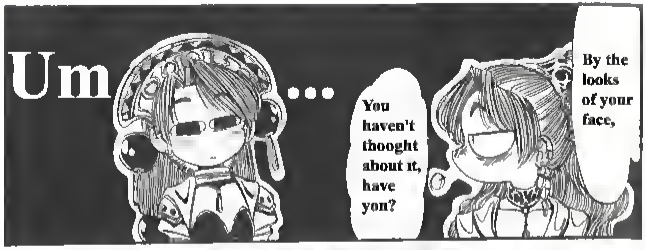
to become a great chemist like yourself!
Wha...?
Huh?
I wouldn't say that.. You do have a great record which took you 9 years to gradoate.
I'm not such a "great" person as you think I am...

KSS...
You're drunk aren't you? Sensei!
Sensei!!!
Since she's a little rud, clumsy, light head, & reckless...
And that Marlone
became a chemist that inspires others...
There's more...
Usually, it would take 4 yrs. If you took Maiser class, 6yrs...
9 years?
Ouhhh chh!!!
STAB!
Gwaaaaaaaaaa!!
She has the worst grade point average since this royal magic school foundation was opened...
I was a little worried.
Because of those grades, she was given 5 years to pass the special graduation test at this atelier.



Um...
You haven't thoought about it, have yon?
By the looks of your face,

I know!!
My, oh my... How can yon be so...
Actnally, I haven't even decided on where to stay for today...

You mean those tall people that we see some times around here?
It's a huge town. There's lots of humans.
Yup that's right!
The lower class needs to get some kind of request from a human or else...
Mmm... Well you need to be at least in the green class to go to the towns.
Mm?

In fairies world, there's a rank. For instants, black are the lowest rank. Green are 3rd from the top.

It's also alright if we want to go study there.
Wait...
I'm going to have a talk with Charo...
Choro~
What?

Elie, your atelier is at the bottom of the business area, right?
Yes.
Right at the opposite side, there should be an open house there.

he has his own little problems and so he's looking for a tenant.
That house is owned by a rich man but

If both of you work together, I'm sure that you can pay it off.
But that place is big & looks so expensive.

Hey, you right there! Don't say that!!
We're going to open an atelier together! Isn't that great!?
That's right, Haiesh-san!
Are you going to open a job again?
Not you too!

I'll watch how good of an alchemist these two will be
Study hard, OK?
Yes.

Here we are, Pulsha.
Item Shop
This is where we buy our tools and books.
Wow.
There's many more cups here than your house.
That's odd of you to bring a fairy to the academy.
Noldice!
Been a while.
I heard you opened a new atelier.
Yep! I'm still near the old atelier.
What about you, Noldice? Master Rank must be tough, right?

Wel-came back

I've mentioned about her before, right?
Yeah
Marie. Marlone-san?
My tutor Cris-Sensei also,
knew a person named Marlane
The Alchemist who defeated,
Demon King Farlen from Elfalc tower
So, she must be the one...
Hmm?
Ono-chan, what are you making?
I see...
I wonder if they were like me and you

Maybe.

Oh, sorry I'm out of them.
I need some liquef-action solvent
I see... And so, and so!
Ah.
WHY ARE YOU STARING AT MARIE-SAN?
So, what do you need?
Hey, Eliel.
Can you do that?
Are you in a hurry? If you have time I'll make some right now
Gath-ering, right?
And I need to discuss
Yes I heard it from Dio-san
The suppr-ession squad left?

Will you do that?
If they're alright with that
Since there's no monsters right now
If it's around here, I'll lead them
Yes! Pulsha and Pasek want to go
Then
let's start from the "nearest forest"

じっ…

Yes!
Yes!
Seems they're alright with that.
That's good. I can at least help them on gathering.
So why don't you work while I'm doing that.
Good. Then I'll lend you this
Oh thank you
HA!
Marie-san! That wouldn't be ...
It's alright. It's just an ordinary bas-ket

Don't worry, I made a basket for the fairies as well.
Huh?
More like. Why am I carrying a basket?
Cause they can't carry much with such a small basket

I mean, isn't that there job?
Or are you telling me that you want them to carry a huge basket?
うう
うう
I'm... a student
Plus, I figured I might as well ask the traveler to help out as well.

Yes, he has always been nice.
Good Whadda nice fellow
Ahahahaha
Of course not
Liquefaction solvent
Yeah, take care
---So, What did Noldis ask for?
Then, we're going
We're go-ing!
I'll help out It's faster that way
And I can make extra for him
Well, I did kinda push him to this...
Marie-san...

Anyways the fairies should be used to the forest
It should be alright
We're lost
SNIFF
SNIFF

We better hurry on heading back or else

Hauuaaaa.
I thought I was saved.
What?

You're going to hurt yourself.
What ?
You'll hurt yourself while combinding!
Oh / I'm sorry
Well / I do that "often"
Noldis, right ?
He has experience on gathering, right?

Yes ...
Then it's alright
...But what if they get lost ?
Is Nol-dis-kun, that undep-endable ?
N- No but ...
Then trust him
-- Don't worry
They'll be back when the sun rises.

I wonder if she "knew" this was going to happen
Since there was food in the basket
The Alchemist who defeated the Demon King
Maybe there's answers that can't be solved on top of the desk
and the alchemist who's expanding on the daily life eh

Chapter 6:
[We have Alchemist that we can rely on]

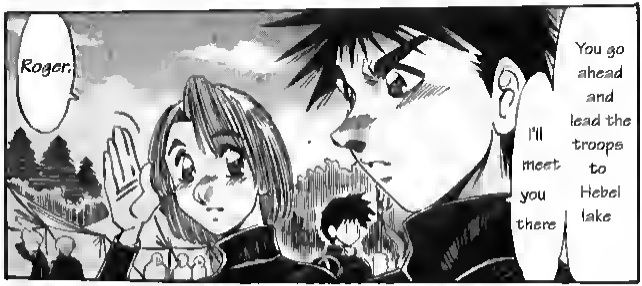
Ah... Good Morning.
Captain Douglas.
Good job for vigilanting
How was it?
Have you seen any monsters during the night?
No
It was very peaceful
I see

Rudolph, can you get my horse ready?
Wha?
Yes.

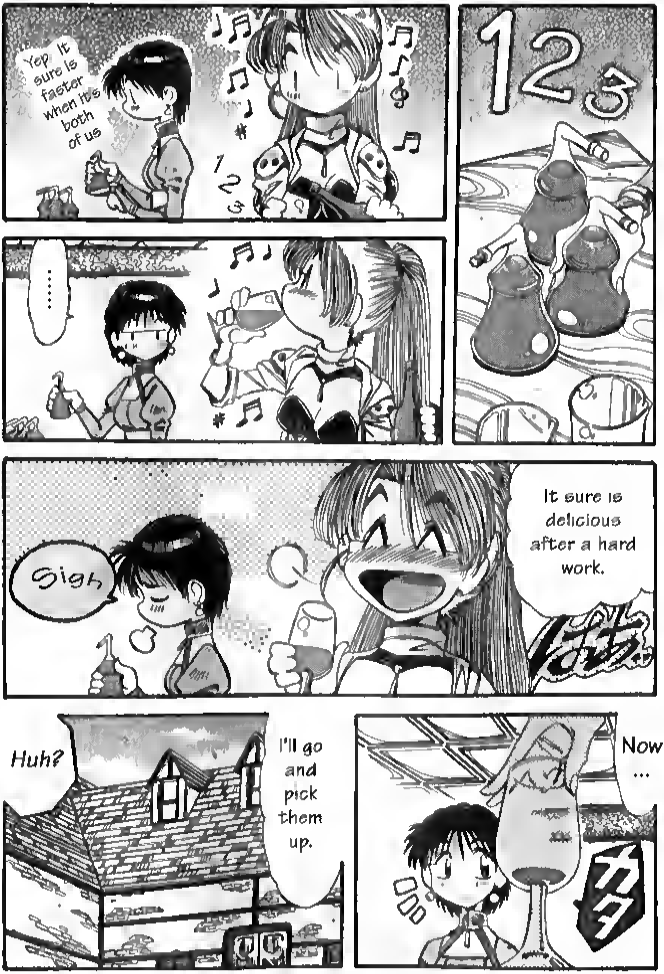
Captain
You're very early.

Do you want to send someone?

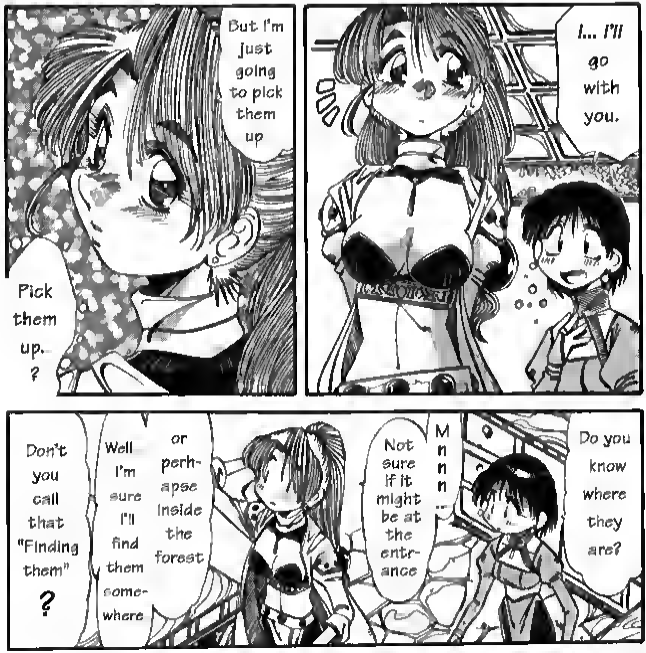
Nah. I'll go
But if it's just to check around
It's too quiet
and no sign of any monsters around.



You go ahead and lead the troops to Hebel lake
I'll meet you there
Roger.



Yep. It sure is faster when it's both of us
1 2 3
1 2 3
.....
It sure is delicious after a hard work.
Sigh
Huh?
I'll go and pick them up.
Now ...
カタ



But I'm just going to pick them up
Pick them up..?
I... I'll go with you.
Do you know where they are?
Mnnn...
Not sure if it might be at the entrance
or perhapse inside the forest
Well I'm sure I'll find them somewhere
Don't you call that "Finding them"?
They must be heading back so
I'm picking them up
Ellie, you stay here. ♡

No.
I'm very worried
That's no fare.
I want to go pick them up too.
If we end up missing them, it means that the house will be empty when they arrive.
Wouldn't that be lonely?
I've been traveling for so long
so, it doesn't bother me though

Sigh ...
--- That's unfare.
Yep.
Take care.
Th... That is...
I'll go with this.
Eh?
catch!!!

C... Capt-ain!!
W... WHAT THE HECK IS THAT!?
STOMP
BURR

ルゥ…
That... Huge...?
A... Puni Puni?

Yep
The flying broom!
To keep control of the gravity, I've remade the "light basket"
as a chair. ♡
I was wondering what you were making lately—
After seeing you fly last time, it gave me an idea
so I made this.
Could it be that—

You're just giving an excuse to try out that broom?
HA!
That's not true.
AHHH!
Don't fall off during flying
I'll be... FINE!
Don't worry
ヒューン
You sure?

Yeah.. A huge PuniPuni is heading towards the town..
Swoop
A... Puni Puni?
—That's why there wasn't any monsters..
The other monsters knew he was comming and ran off
Shooting arrowe would be like child's play for him
How are you going to defeat a monster that's as huge as a mountain?
But Captain If it's just a PuniPuni, wouldn't we be able to handle it?

Oh... That would be horrible...
PuniPuni. Doesn't recognise
Snap
Snap
Snap
Snap
We're just gonna get smashed by him
And if we try to use our swords,
It will cause kaos just by passing through there.
ttt...
Ofcourse if that monster heads to Zalberg,
But we can't ignore him...
The others, guide the nearby towns to safety and keep your eye on that PuniPuni!
I'll go back and get some explosives.

Yes.

Pulsha, don't go too far
Ah, I found a magic grass! ♡

Pulsha... is good at finding items...

Ah!
What?
A horse!
A child?
Woah!
Woah!

ビュン
Woooow. So fast! ♡
...
Hm? Is that the Stuldel stream?

Oh my! I've gone the opposite direction from the nearby forest!
Stuidel Stream
Town
Nearby Forest
HM
INCREDIBLE!
A travel that takes 2 days is really fast now
ヒュー
ヒュー

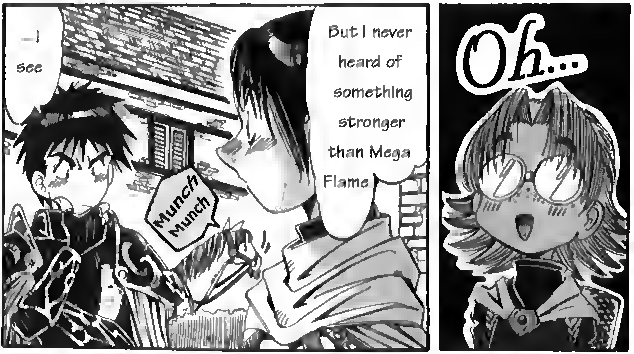
Onechan!
We're back!
Oh? What? Pulsha! Pasek!
Welcome back.
Are you alright? You're not hurt?
Yep! ♡

since you didn't come so soon
I was worried
They came back in one piece.
No, it's alright
Seems that I worried you
Sorry Elle We got lost in the forest
Yes!
You guys, head to the castle and send the report
Well... To be honest, if we didn't meet the supression squads, we still would have been lost

Yo.
I was going to see you anyways.
Douglas!
?
Do you have any EXPLOSIVES?
Hm
A powerful one
WHAT?
EXPLOSIVES?

Alchemist makes explosives also ?
But I need something stronger
We have some in the castle. The strongest one is Mega Flame

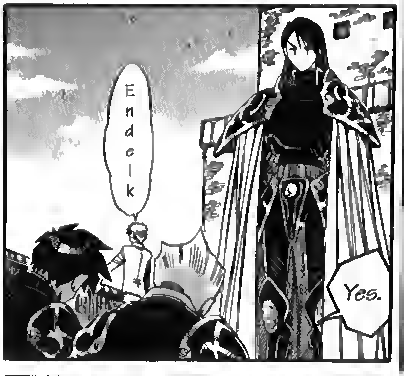
Yes we do
It's for research though
It's high ranked chemistry so you'll be learning that much later on



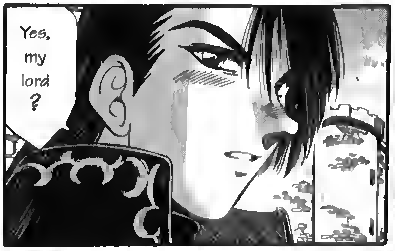
—I see
Munch Munch
But I never heard of something stronger than Mega Flame
Oh...

Giga Flame and
Terra Flame
Oh?
I do.
What?
I can't believe you were researching on a dangerous...
Elie...
Thank goodness!
We can save the town!
Well... I was curious how powerful can an explosive be...
From my calculation, it's suppose to be very powerful but I never used it...
usable ----
But I'm not sure if it's

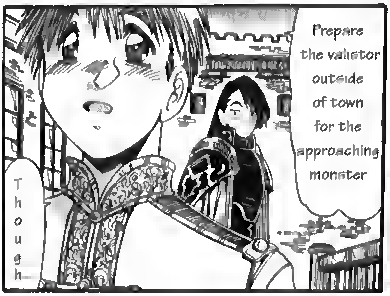
I'm glad I came to you first.
The town ?
Elle
I need your hand.
Are you two
Lovers ?
WE'RE NOT TALKING ABOUT THAT!
What? What?
Oh my
Hey hey



Endelk
Yes.

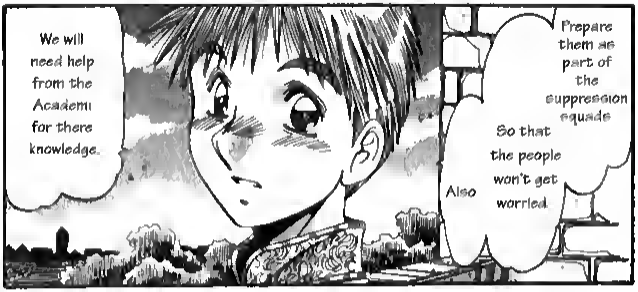


Yes, my lord?



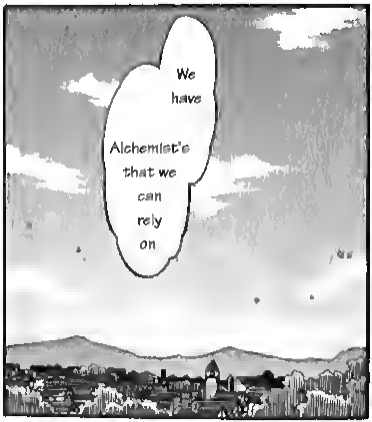
Though...
Prepare the valistor outside of town for the approaching monster

Good Job
We will get the explosives ready



We will need help from the Academi for there knowledge.
Also
So that the people won't get worried
Prepare them as part of the suppression squade

So, let's do what ever we can
Well, I'm sure everything will come out fine though
ガクッ



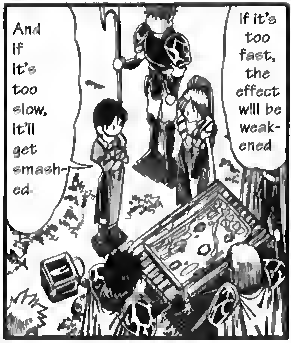
We have Alchemist's that we can rely on

In this country.

You didn't need to come with me.
But
I'm not sure what'll happen till we use it
so I want to see it myself.
Eliccc!
What?

Did something happen to Faeek and the others !?
Wait !!
What are you doing with a knight ?
Ma Ma-ris-san !
They're with Noldis at the house
No they're fine They came back
Then, what
the heck is that !?

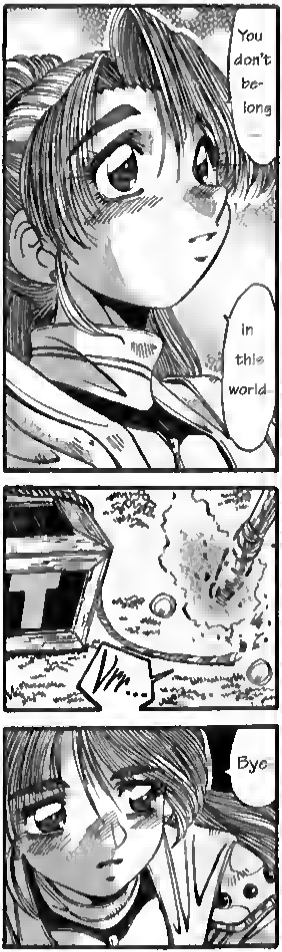
I see ...
It'll crash into the town if it keeps on going ...
CRACK
CRACK
CRACK
CRACK



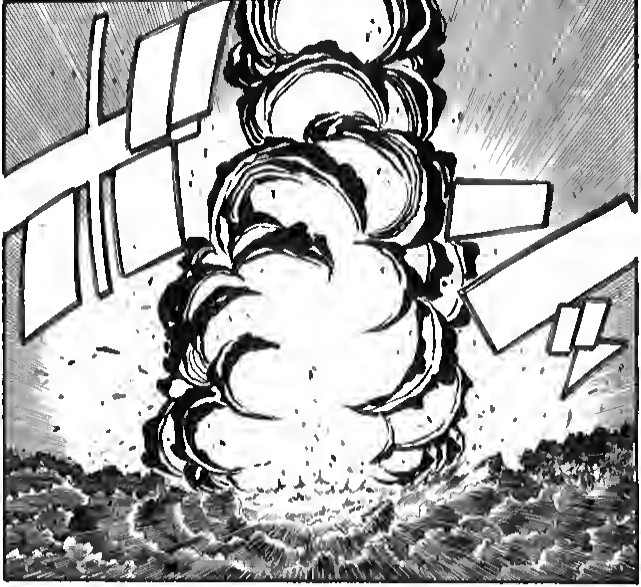
If it's too fast, the effect will be weakened
And if it's too slow, it'll get smashed

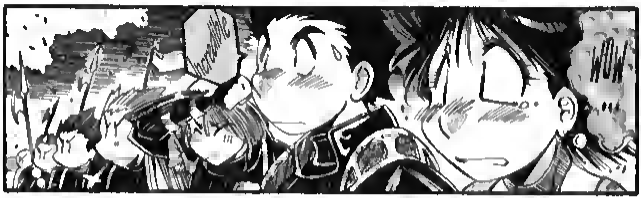
The problem will be timing. We have to explode it right at the bottom

But the explosion will get him.
Then run away
Wait till the last moment and light it
Yep
Guess that's the only choice
what?
I'll do it.
I'm good at running away
No!
This is our job
But you guys can't ride on a flying broom?
I made the explosive so I will go.
No.
But Marie-san
Time sto
Hey hey



You don't be-long
in this world
Wow
You're huge
Vm...
Bye





WOW...

YEAAAH!!!!

Marie-san!
Maybe cause my defense is strong too?
Pretty powerful
Another item to compound
But this is too much...
It's PuniPuni Balls from the PuniPuni
Waaa! What's this?
